

SPIDER Online

Spider Online is a free online resource for registered Spider® amplifier owners that offers a combined total of over 500 lessons, jam tracks and tones created by Line 6, artists and fellow Spider owners.

Features:

- Over 300 lessons covering all genres, styles, theory and application, and techniques
- Over 100 jam tracks, bass and drum grooves, and drum loops played by L.A. and Nashville's top session musicians
- Hundreds of tones that can be downloaded directly to Spider amps (or displayed on-screen for Spider amps that don't support USB connectivity)
- Every lesson includes tabs, audio samples and tones
- Available for owners of any Spider amp, including Spider I through IV, Spider Valve, Spider Jam and Micro Spider
- Over a million guitarists chose Spider amps, and Spider Online offers them even more value-added free features
